

Innovative Skin Technology

## PEPTIDE PEEL w/ LILAC LEAF STEM CELLS

A glycolic acid based peel designed for age management skin types, which features the most exciting ingredients in skin care, peptides & stem cells. This is considered a non-invasive peel (with no down time) where the glycolic acid preparation allows the active ingredients to penetrate deeper into the skin.

### STEM CELLS:

Stem cells represent a major breakthrough in skin care due to their ability to protect the longevity, strength, and health of human skin cells. Where peptides can stimulate different functions in the skin by acting as messengers to skin cells, stem cell technology improves the life of the core of the cell, working in synergy with peptides and enhancing the effectiveness of other active ingredients.

**Lilac Leaf Stem Cells:** The Lilac Leaf Stem Cell preparation used in this peel, "Distinctive Phytostem Lilac 50™" are ultra-concentrated stem cells and the only current stem cell delivery system known to survive the low pH of Peels.

### Active Ingredients:

Glycolic Acid - 40%

Lactic Acid - 15%

Distinctive Phytostem Lilac 50™ - 0.15%

*(INCI: Maltodextrin, Syringa Vulgaris (Lilac) Leaf Cell Culture Extract)*

### Inactive Ingredients:

Water (Aqua), Acetyl Hexapeptide-8 (Argireline), Palmitoyl Pentapeptide-4 (Matrixyl), Oxido Reductases-Soy Peptides-Hydrolyzed Rice Bran Extract (Regu-Age), Palmitoyl Oligopeptide (Biopeptide CL), Palmitoyl Tetrapeptide-7 (Rigin), Dipeptide-2 & Palmitoyl Tetrapeptide-7 (Eyeliss), Sodium Hyaluronate, Glycerin, Strontium Chloride, Ammonium Glycolate, Green Tea Extract, Hydroxyethylcellulose, Butylene Glycol, Centella Asiatica Extract, Echinacea Purpurea Extract, Meadowsweet, Hydrocotyl Extract, Imperata Cylindrica, Phenoxyethanol, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol

(pH: 3.0)

### Lilac Leaf Stem Cells Expected Benefits:

- Anti-Oxidant Activity
- Anti-Inflammatory
- Anti-Aging
- Acne Prevention
- Collagenase Inhibitor

### Featured Peptides and Benefits:

- **Argireline®:** Reduces wrinkle depth caused by the muscle contraction of facial expressions.
- **Matrixyl®:** Stimulates the development of collagen of the dermal layer of the skin, improves skin tissue.
- **Regu®-Age:** Assists in reducing the appearance of dark circles and puffiness around the eyes.
- **Biopeptide CL™:** Helps to even skin tone, reduce wrinkle depth, and increase skin thickness.
- **Rigin™:** Anti-inflammatory agent that speeds tissue regeneration and normalizes damaged skin.
- **Eyeliss™:** Provides anti-wrinkle support around the eye, combating effects of tiredness & hypertension.

Further Defying the Aging Process
